## Music

Associate of Arts Degree (Transfer)  
Sioux City Campus

### Program Overview and Opportunities:

The two-year degree program in Music at Western Iowa Tech gives students the flexibility to apply their Associate of Arts degree to pursue a bachelor's degree in music performance, musical theater, music education or arts administration. Non-majors who enjoy musical performance and wish to continue their musical activity past high school are welcome in WITCC's performance ensembles, musicals, and Applied Music classes.

The award-winning WITCC choir, jazz choir, and jazz combo maintain active performance schedules on campus and in the community. Partner performances with the Sioux City Symphony, Siouxland Master Chorale, Sioux City Community Theater, Morningside College, and Briar Cliff University provide enhanced performance opportunities for WITCC students. WITCC music students also have the opportunity to travel and perform, with recent trips to Cozumel, Belize, and Greece. WITCC hosts the annual Lewis and Clark Jazz Festival, which draws jazz choirs and jazz bands from the tri-state region. Students meet and study with visiting professional musicians through the WITCC Masters of the Arts Series.
