

Retail Store Security Checklist

Check the appropriate box reflecting how you would rate your store in each category.

	1	2	3	4	5
Category	We are as secure as Fort Knox in our facilities and procedures	We are pretty good with our security measures	We are about average with our security measures	We have some security measures, but don't really use them	We are an accident waiting to happen
External Lighting					
Internal Lighting					
Unobstructed views (outside the store)					
Unobstructed views (within the store)					
Keeping non-customer doors locked					
Limiting the cash-on-hand					
Video cameras working and positioned correctly					
Relations with local law enforcement					
Height Markers on doors					
Silent alarms/panic buttons in place					
General Awareness of Workplace Violence					

Identify some areas for improvement for your particular establishment in terms of safety measures:

Be sure to share these areas with management!
