2026-2027 PATHWAYS

Western Iowa Tech
College Now

college.now@witcc.edu

Location: Sioux City Campus

YEAR 1

FALL – 8:30AM – 10:30AM (MONDAY – FRIDAY)

ADM 162-01 – Office Procedures	(3 credits)	24 Student Cap
ADM 154-01 – Business Communication	(3 credits)	24 Student Cap
BUS 102-01 – Introduction to Business	(3 credits)	24 Student Cap
*ADM 105-801 – Introduction to Keyboarding (Online)	(1 Credit)	24 Student Cap

SPRING – 8:30AM – 10:30AM (MONDAY – FRIDAY)

*ADM 123-01 – Document Formatting	(3 credits)	24 Student Cap
ADM 159-01 – Proofreading and Editing	(3 credits)	24 Student Cap
CSC 116-01 – Information Computing	(3 credits)	24 Student Cap

**Has a Pre-requisite or comment: See back page for details.*

Additional Information:

This pathway leads directly into the Administrative Office Support Diploma and the Administrative Office Management AAS. https://www.witcc.edu/programs/17/

Additional Courses Needed to Complete the Administrative Office Support Diploma:

ADM 131- Office Calculators
ACC 111- Introduction to Accounting
MAT 772- Applied Math
BCA 147-Basic Spreadsheets
BCA 148- Advanced Spreadsheets
ACC 311- Computer Accounting
PSY 102- Human and Work Relations

Additional Program Information:

In the Administrative Office Support program, you will develop skills for entry-level office employment, with emphasis on office technology. Technology plays a big role in administrative support occupations. The program emphasizes the development of multifunctional office and computer skills in proofreading and editing, keyboarding and document formatting, filing, human relations, machine transcription, computerized ten-key, and accounting. You will become familiar with up-to-date office procedures and equipment. Utilizing a Windows operating system, you will be trained on computers to use applications for document formatting, word processing, spreadsheets, databases, and presentation graphics.

Location: Sioux City Campus

YEAR 1

FALL – 8:30AM – 10:30AM (MONDAY – FRIDAY)

BIO 163-01 – Essentials of Anatomy and Physiology	(4 credits)	24 Student Cap
HSC 114-04– Medical Terminology	(3 credits)	24 Student Cap

SPRING – 8:30AM – 10:30AM (MONDAY – FRIDAY)

*HIT 301-01 – Electronic Health Records	(3 credits)	24 Student Cap
MAP 123-01 – Administrative Medical Office Procedures	(3 credits)	24 Student Cap

YEAR 2

FALL – 8:30AM – 10:30AM (MONDAY – FRIDAY)

*HSC 218-01 – Clinical Pathology for Allied Health	(3 credits)	24 Student Cap
HIT 248-02– Essentials of Medical Coding	(2 credits)	24 Student Cap

SPRING – 8:30AM – 10:30AM (MONDAY – FRIDAY)

*HIT 244-02– Basic CPT Coding	(3 credits)	24 Student Cap
*HIT 285-02 – Auditing of Evaluation & Management Codes	(2 credits)	24 Student Cap
HSC 143-01 – Pharmacology	(3 credits)	24 Student Cap

****Has a Pre-requisite or comment: See back page for details.***

ADDITIONAL PROGRAM INFORMATION:

These classes are part of the Administrative Assistant-Medical, AAS

The two-year Medical Office Administration Degree program offers a comprehensive curriculum tailored to meet the rising demand for skilled administrative professionals in the healthcare sector. In the first year, students focus on acquiring entry-level medical office skills, encompassing medical terminology, office management, appointment scheduling, and the basics of medical billing and coding. Emphasis is placed on practical training, ensuring graduates are adept at navigating the intricacies of a medical office environment.

Building upon this foundation, the second year provides opportunities for career expansion and specialization. Advanced courses cover topics such as healthcare information management, financial administration in healthcare, and human resources specific to the medical field. Additionally, students can explore special topics of interest and gain practical experience through internships. This program not only prepares graduates for immediate roles as medical office administrators but also positions them for continued professional development, enabling them to contribute effectively to the evolving landscape of medical services throughout the country.

Fran DeJong: Academic Advisor WITCC

Sioux City Campus

Pathway Courses:
YEAR 1
FALL – 8:30AM – 10:30AM (MONDAY – FRIDAY)

AGC 216-01 – Career Seminar	(2 credits)	18 Student Cap
AGS 270-01 – Foods of Animal Origin	(3 credits)	18 Student Cap

SPRING – 8:30AM – 10:30AM (MONDAY – FRIDAY)

AGS 113-01– Survey of the Animal Industry	(3 credits)	18 Student Cap
AGA 114-01 – Principles of Agronomy	(3 credits)	18 Student Cap

ADDITIONAL PROGRAM INFORMATION:

The Agribusiness Technology program is tailored to equip students with the skills and knowledge necessary for successful employment in the fields of production agriculture and agribusiness. The curriculum covers a range of instructional areas, encompassing crop production, animal production, management, sales, and marketing. Students enrolled in this program will benefit from a comprehensive learning experience that combines classroom instruction with hands-on agriculture and cooperative work experience.

Given that agriculture and its associated industries constitute approximately 25 percent of the labor force in the United States, the program aims to address the significant demand for skilled professionals in the sector. Graduates of the Agribusiness Technology program are well-positioned to contribute to the workforce in their local communities, the state, and the nation at large. The program not only imparts theoretical knowledge but also emphasizes practical skills through work experience, ensuring that graduates are prepared to meet the challenges of the dynamic and vital agribusiness sector.

This pathway leads directly into the Business Management AAS, the Human Resources diploma, and the Human Resources Management AAS.
Business Management |AAS - https://www.witcc.edu/programs/39/
Human Resource |Diploma - https://www.witcc.edu/programs/128/
Human Resources Management |AAS - https://www.witcc.edu/programs/38/

Additional Program Information:

The college degree program is strategically crafted for students with a keen interest in pursuing employment as first-line supervisors and entry-level managers. Furthermore, it caters to the needs of existing first-line supervisors seeking skill enhancement. This comprehensive program not only imparts essential business knowledge but also focuses on practical supervisory skills vital for effective management.

Throughout the curriculum, students delve into foundational aspects of business, covering subjects such as accounting, budgeting, mathematics, and economics. This robust academic foundation equips participants with a well-rounded understanding of the business environment. In addition to theoretical learning, the program places a significant emphasis on practical application. On-the-job training opportunities provide students with real-world scenarios to apply the skills acquired in the classroom, fostering a hands-on and experiential approach to learning.

The degree program aims not only to develop academic proficiency but also to nurture the leadership and supervisory skills essential for success in entry-level management roles. Graduates emerge with a multifaceted skill set, making them well-prepared to navigate the challenges of supervisory positions and contribute effectively to organizational success. Whether pursuing employment as a first-line supervisor or seeking to advance within existing supervisory roles, graduates of this program are equipped with the knowledge and practical skills needed to excel in the dynamic field of management.

These credits lead toward WITCC's Communications Transfer Major.
Communication |AA - https://www.witcc.edu/programs/294/

Additional Program Information:

The interconnectedness of the global society is rich with opportunity for those who are strong communicators. A communications major is designed to teach effective communication and its application to various fields of work and relationships. Coursework for this major could lead a student to a career in media studies, but will also equally prepare students for a career in business, sales, marketing, education, or politics and public administration. Communication is a suitable major or minor for anyone whose career will require them to interact with people from various walks of life, backgrounds, or careers.

These credits lead toward WITCC's Criminal Justice Transfer Major, Social Work Transfer Major, and Addictions Criminal Justice |AA - https://www.witcc.edu/programs/295/

Additional Information:

WITCC Social Work Program has articulation/transfer agreements with Briar Cliff University.

- **Briar Cliff https://www.witcc.edu/programs/295/criminal-justice-cooperative-addictions-counseling-at-briar-cliff/**

Additional Program Information:

This program is designed to prepare students for beginning professional work in the criminal justice and allied professions. Graduates understand the causes of crime and criminal justice system responses. Students focus on the nature of the criminal justice system and the connection between law and social justice.Criminologists and criminal justice professionals investigate why crimes are committed, who is committing them, what type of societal factors might be contributing to higher crime rates, and the best ways to predict, deter, and prevent future crimes. An undergraduate with a criminology/criminal justice degree serves as a strong foundation for advanced training and prepares students for bachelor's, master's, and doctoral programs in social science, social work, counseling, and law.

This leads into WITCC's Cyber Security and Digital Crime, AAS.
Cyber Security and Digital Crime|AAS - https://www.witcc.edu/programs/5/

Additional Information:
The program is eligible for FREE tuition. Follow the link below for more information and requirements.
https://www.witcc.edu/freetuition/
Additional Program Information:

This program is designed to fill a critical and growing need for cyber security personnel in the public and private sector. Upon completion, you will be capable of investigating computer crimes, properly seizing and recovering computer evidence, and aiding in the prosecution of cyber criminals. Skills learned enable you to investigate computer crimes, develop security best practices, and secure network infrastructure.To combat computer related crime, you will also understand counter measures against hacking, spam, and computer viruses through network intrusion detection and evidence gathering. The work of cyber crime investigators often aids in criminal investigations, supports lawsuits, and prevents future attacks.

Courses help individuals develop an understanding of identity theft, networking, incident response, exploitation, social engineering, black hat/gray hat hacking, and network security. Counter measures against hacking, spam, and computer viruses through cyber sleuthing and evidence gathering are used to combat cyber crimes.Careers in Cyber Security & Digital Crime can be found in local, regional, and national sectors such as governmental agencies, law enforcement and security, homeland security, law firms, businesses: human resources and information technologies, insurance agencies and companies, banks and credit card companies, health services, and educational systems. Professional opportunities are plentiful in this innovative and expanding career.

Early Childhood Education| AAS - https://www.witcc.edu/programs/27/

Early Childhood Education Teacher Licensure|AA - https://www.witcc.edu/programs/235/

Additional Program Information:

The Early Childhood Teacher Licensure Transfer major is for those of you who plan to become teachers of children from birth to third grade. This program provides a broad base of general education knowledge while also laying the foundation for a successful experience in the early childhood education field. The Early Childhood Education Teacher Licensure Transfer Major was designed in conjunction with the Iowa Regents Universities to assist you in transferring into early childhood teacher licensure programs.

This program of study may also be followed if you wish to transfer to another college or university, but it is critical that you confer with your intended transfer institution early in your academic career. Completing this AA program does not make you eligible for Iowa teacher licensure. You must transfer in order to complete a Bachelor's degree and a state-approved teacher preparation program.

Additional Information:

The program is eligible for FREE tuition. Follow the link below for more information and requirements.

https://www.witcc.edu/freetuition/

Additional Program Information:

The Air Conditioning, Heating, and Refrigeration (HVAC) program includes a study of air conditioning, heating, and refrigeration for residential and light commercial equipment. You are trained to be HVAC technicians in a real-world, hands-on lab environment.

The HVAC facility is equipped with state-of-the-art HVAC systems including geo-thermal and other high-efficiency systems. In addition, you will have ample opportunity to work on conventional HVAC systems.

Technicians will be needed to troubleshoot and maintain HVAC systems because of the increasing number of new residential and commercial structures and to respond to the increased demand for energy management, conservation, and other "green" technologies.

Additional Program Information:

This Social Work transfer major provides education and training that promotes social and economic justice and strengthens individual, family, and community well-being. The generalist curriculum consists of courses in social work practice including human behavior and social environment, psychopathology and addiction, social welfare policy and services, and diversity, privilege and oppression. Most Social Work Associate Degree graduates transfer to a four-year university to complete a Bachelor of Social Work (BSW). Several well-established articulation/transfer agreements through which students can complete their BSW degree are available. Because Social Work is a licensed profession, jobs are plentiful. Most graduates are employed in a variety of settings including welfare agencies, schools, hospitals, clinics, mental health institutions, community centers, public health, corrections, and group homes.

Sioux City Campus

YEAR 1

FALL – 8:30AM – 10:30AM (MONDAY – FRIDAY)

HSC 173/HSC 174-04 – Nurse Aide Theory/Clinical	(4 credits)	20 Student Cap
BIO 163-01 – Essentials of Anatomy & Phys	(4 credits)	20 Student Cap
HSC 114-603 – Medical Terminology	(3 credits)	20 Student Cap

*Upon the successful Completion of HSC 173/174, students will receive their Nursing Assistant Certificate
*State Testing is not covered by the College Now program and is not required for completion of the course.

SPRING – 8:30AM – 10:30AM (MONDAY – FRIDAY)

*BIO 151-01 – Nutrition	(3 credits)	20 Student Cap
*HSC 218-01 – Clinical Pathology for Allied Health	(3 credits)	20 Student Cap

YEAR 2

FALL – 8:30AM – 10:30AM (MONDAY – FRIDAY)

*BIO 168-01 – Human Anatomy & Physiology I	(4 credits)	20 Student Cap
MAP 402-01 – Medical Law and Ethics	(2 credits)	20 Student Cap
HSC 143-Section (online)– Pharmacology	(3 credits)	20 Student Cap

SPRING – 8:30AM – 10:30AM (MONDAY – FRIDAY)

*BIO 173-01 – Human Anatomy & Physiology II	(4 credits)	20 Student Cap
HSC 206 -501– Transcultural Concepts in Health/Illness	(3 credits)	20 Student Cap

Recommend successful completion of high school Algebra I prior to enrollment into pathway.

Additional Course Requirements:

1. Students must complete 40 hours of on-the-job training (OJT)
2. Iowa Board of Pharmacy training registration fee; not covered by the College Now program.

Pharmacy Technician Diploma - https://www.witcc.edu/programs/144/

Additional Courses to Complete the Pharmacy Technician Diploma

- **ADM 105- Introduction to Keyboarding (1 credit)**
- **HSC 114- Medical Terminology (3 credits)**
- **BIO 163- Essentials of Anatomy and Physiology (4 credits)**
- **HSC 245- Team Building (1 credit)**
- **PHI 105- Intro to Ethics (3 credits)**
- **PSY 102- Human and Work Relations (3 credits)**

Additional Information:

The program is eligible for FREE tuition. Follow the link below for more information and requirements.

https://www.witcc.edu/freetuition/

Additional Program Information:

The pharmacy technician diploma program will prepare you for entry-level pharmacy technician positions in both the institutional and community pharmacy setting. The pharmacy technician is one of the fastest growing professions in the medical care field. A pharmacy technician is an individual who works under the direct supervision of a pharmacist. You may perform many of the same duties as a pharmacist; however, all of your work must be checked by a pharmacist before mediations can be dispensed to a customer or patient.Additional duties may include: receiving and verifying written prescriptions, taking prescription refill requests, preparing IV medications, operating computer and automation systems, applying prescription and auxiliary labels to medication bottles, control and price inventorying, ordering supplies, restocking shelves, preparing insurance claim forms and operating cash registers.

Plumbing Systems | Diploma - https://www.witcc.edu/programs/283/

Additional Information:

The program is eligible for FREE tuition. Follow the link below for more information and requirements.

https://www.witcc.edu/freetuition/

Additional Program Information:

This program prepares you to pursue a career as a licensed plumber. Plumbers make it possible to transport water, air, steam, gases, wastes, and different kinds of liquids throughout all types of buildings, from homes and offices to factories and hospitals. You will have hands-on opportunities to install, maintain, and repair plumbing pipes, fixtures and appliances. This program also includes instruction in blueprint reading and final inspection and testing of all finished systems while adhering to the local codes and standards that are enforced by the State of Iowa.

*BIO 173-01 – Human Anatomy & Physiology II	(4 credits)

****Has a Pre-requisite or comment: See back page for details.***

Above is a pathway into Surgical Technology, AAS. Students will have an additional two years of SUR courses to complete. Students must achieve a grade point average of 2.00 (C) or above in all program requirements. Additional Gen Eds that can be completed now are ENG 105, PSY 111 and BIO 186.
Surgical Technology|AAS - https://www.witcc.edu/programs/48/

Additional Information:

The program is eligible for FREE tuition. Follow the link below for more information and requirements.
https://www.witcc.edu/freetuition/

Additional Program Information:

A Surgical Technologist (ST) is a healthcare professional who works as part of the surgical team to ensure the operative procedure is completed under optimal conditions. You will work closely with surgeons, anesthesiologists, registered nurses and other key surgical personnel in hospital operating rooms and outpatient surgery centers. STs play a critical role in surgical patient care.

Your primary responsibility as a Surgical Technologist is maintaining the sterile field and being constantly vigilant that all members of the team adhere to proper aseptic techniques that prevent contamination or infection. You must anticipate the needs of the surgeon, pass instruments and provide sterile items in an efficient manner, as well as directly assist by handling tissue, using instruments, and providing wound exposure within the operative field. Surgical Technologists are in demand across the state.

The Surgical Technology program prepares you to function as a member of the surgical team in hospitals and clinics with registered nurses and surgeons in the operating room. The graduate is qualified to prepare the surgical environment and function as a team member during the operative procedures. National certification is available to graduates.

Commonly Enrolled Course Requirements:

MAT 102	Intermediate Algebra	ACT 17 or higher, ALEKS score 17 or higher
MAT 111	Math for Liberal Arts	ACT 20 or higher, ALEKS score 29 or higher
MAT 117	Math for Elementary Teachers	ACT 20 or higher, ALEKS score 28 or higher
MAT 121	College Algebra	ACT 21 or higher, ALEKS score 32 or higher
MAT 156/157	Statistics	ACT 22 or higher, ALEKS score 33 or higher
MAT 129	Pre-Calculus	ACT 22 or higher, ALEKS score 35 or higher
MAT 211	Calculus I	ACT 26 or higher, ALEKS score 65 or higher
ENG 105	Composition I	Recommended ACT of 22 or higher

Pathway Prerequisites Guide:

ADM 105	Intro to Keyboarding	Test-out available at the WITCC Test Center
ADM 123	Doc. Formatting	ADM 105 – Introduction to Keyboarding
AUT 163	Auto Engine Repair	AUT 104 – Intro to Automotive Technology
AUT 615	Auto Electricity & Electronics	AUT 104 – Intro to Automotive Technology
AUT 633	Auto Electrical Systems	AUT 163 – Auto Engine Repair
BIO 151	Nutrition	**Meet ONE of the following**: 1)ACT Composite of 22 or higher 2)2 semesters of High School Chemistry with a B- or better OR 1 semester of High School Chemistry with a B- or better and 1 semester of High School Biology with a B-or better 3)Completion with a C- or better in BIO 163 Essentials of Anatomy and Physiology or Chemistry (CHM 122 or higher. 4)Instructor Permission
BIO 151 **BIO 168**	Nutrition Human A & P I	**Meet ONE of the following:** 1) ACT Composite of 22 or higher 2) 2 semesters of High School Biology with a B- or better 3) Completion with a C- or better in BIO 163, Essentials of Anatomy & Physiology 4)Instructor Permission
BIO 173	Human A & P II	BIO 168 – Human Anatomy & Physiology I
BMA 177	Industrial Plumbing & Pipefitting	BMA 176 – Basic Plumbing and Electrical & CON 112 – Blueprint Reading and Estimating & PLU 170 – Residential Piping **Pre-req** w**aived by department for College Now Pathway only**
CIN 104	Media Prod & Equip.	ELE 101 – Industrial Safety
CIN 118	Technical Production in Media	CIN 104 – Media Prod. & Equip
CIN 126	Video Field Production	CIN 104 Media Prod. and Equip & CIN 114 Intro to Editing and Motion Graphics
CIN 161	Video Practicum I	CIN 104 – Media Production & Equipment

CIS 293	Application Dev II	CIS 193: Application Development I
CON 383	Build Codes and Spec	BMA 176 – Basic Plumbing and Electrical & CON 112 – Blueprint Reading and Estimating
ECE 103	Introduction to Early Childhood Ed.	Requires 6 hours of observation
ELE 195	Motor Controls	ELE 112- Basic Electrical Theory
ENG 106	Composition II	ENG 105 – Composition 1
ENG 221	Creative Writing	ENG 105 – Composition 1
GRA 141	Digital Imaging II	GRA-140 - Digital Imaging or CIN-114 - Intro to Editing and Motion Graphics
GRA 207	Design Principles II	GRA-201 - Design Principles I
HCM 188	Knife Skills	Corequisite: HCM 100 – Sanitation and Safety
HCM 270	Garde Manger	Corequisite: HCM 100 – Sanitation and Safety & HCM 188 – Knife Skills
HCM 252	Stocks and Sauces	Corequisite: HCM 100 – Sanitation and Safety
HCR 112	Heating Fundamentals	Corequisite - ELE 112 – Basic Electrical Theory
HCR 140	Heat Pumps	Corequisite - ELE 112 – Basic Electrical Theory
HCR 305	Fund of Refrigeration	Corequisite - ELE 112 – Basic Electrical Theory
HIT 244	Basic CPT Coding	HSC 114 – Medical Terminology and HIT 248 – Essentials of Medical Coding Corequisite: MAP 123 – Administrative Medical Office Procedures
HIT 285	Auditing of Eval. & Mgt Codes	Corequisite: HIT 244 – Basic CPT Coding
HIT 301	Elect. Health Records	HSC 114 – Medical Terminology
HSC 218	Clinical Pathology for Allied Health	**One of the three needs to be met:** HSC 114 – Medical Terminology OR BIO 168 - Human A & P 1 OR BIO 163 - Essentials of A & P
LIT 101	Intro to Literature	ENG 105 – Composition 1
LIT 133	Minority Voices in US Literature	ENG 105 – Composition 1
LIT 150	World Literature I	ENG 105 – Composition 1 & LIT 101 Intro to Literature
LIT 151	World Literature II	ENG 105 – Composition 1 & LIT 101 Intro to Literature
MUS 267	Pro Tools	MUS 285 – Audio Prod & Equip
MUS 285	Audio Prod & Equip	ELE 101 – Industrial Safety
NET 197	Intermediate Networking	NET 121 – Fundamentals of Computers and Networks
NET 425	Network & System Defense	NET – 612 Fundamentals of Network Security
PHR 120	Pharm for Pharm Tech	PHR 105 – Intro to Pharmacy Technician
PHR 947	Practicum	PHR 105 – Intro to Pharm Tech **Corequisite:** PHR 120 – Pharm for Pharm Tech
PLU 180	Commercial Piping	CON 112 – Blueprint Reading and Estimating & PLU 170 – Residential Piping Corequisite: PLU 181 – Commercial Code & PLU 182 - Commercial Fixtures
PLU 181	Commercial Code	CON 112 – Blueprint Reading and Estimating & PLU 171 – Residential Code Corequisite: PLU 180 – Commercial Piping & PLU 182 - Commercial Fixtures
PLU 182	Commercial Fixtures	PLU 172 – Residential Fixtures & CON 112 – Blueprint Reading and Estimating Corequisite: PLU 180 – Commercial Piping & PLU 181 – Commercial Code **Pre-req & Co-req waived by department for College Now Pathway only**
PLU 190	Plumbing Troubleshooting	PLU 170 – Residential Piping & PLU 172 – Residential Fixtures & CON 112 – Blueprint Reading and Estimating & BMA 176 – Basic Plumbing and Elecrical
PSY 205	Intro to Forensic Psychology	PSY 111 – Intro to Psychology
PSY 295	Co-Occurring and Addictive Disorders	PSY 111 – Intro to Psychology
SUR 145	Patient Care Concepts	SUR 130 – Intro to Surgical Technology
WEL 110	Welding Blueprint Reading	MAT 772 – Applied Math (Online)
WEL 148	ARC Welding Inter. (SMAW)	WEL 147 – ARC Welding Introduction (SWAW)
WEL 422	GMAW for Production	WEL 423 – Introduction to GMAW
WEL 424	Intro to Pulse ARC GMAW Welding	WEL 422 – GMAW for Production
